Fall Activities

The 2015-2016 school year is in full swing and that means Fall Activities are, as well. Extra-curricular opportunities for students, that are currently underway, include: Cross Country, Dance, Football, Tennis, and Volleyball. Co-curriculars on the go include: FFA, High School Musical, Pep Band/Music Department, and Student Council.

As part of study called, “Everyone Gains”, The Center for Comprehensive School Reform (CCSR), in their research, found the following relationships between student participation and engagement:

- Students’ classroom engagement is related to student participation in activities.
- Activities help kids build supportive relationships among peers and adult staff, a key component in classroom engagement and college aspiration.
- Structured activity programs create peer groups with higher aspirations and more commitment to academic success.
- Activity programs help promote healthy physical, psychological, emotional, and social health.

As an additional portion of the study, Elliot Shostak offered an even simpler summary:

- Activities teach universal lessons.
- Activities build confidence.
- Activities build relationships.
- Activities keep students in a safe, monitored place.
- Activities build character.

Over the years, the School District of Mondovi has had a high level of student participation, which has translated into success in the classroom (our ultimate goal). We invite you, as a community, to support both our students and staff as they represent our District in both home and away events. To make it easier for you during home athletic contests, the School District of Mondovi has set up a season ticket program, beyond the individual admission of \$3.00 for students and \$4.00 for adults.
